“ We Are Passionate About Furniture And Passionate About People ”

Bpk. Henry Effendy

CEO Timber Solution Indonesia

Why you chose the timber industry?

“ With Experience of my parents work in the field of wood (Raw Material), Its inspire me to find the value added of the wooden product itself. Looking a good opportunity for jamb and doors in Indonesia hence I chose this industry.”

What is the meaning of
“Timber Solution Indonesia”?

“Timber: because the product derived from wood especially are built the jamb and the doors and will probably evolve into other products.

Solution: TSI will provide the best solutions and most precise for all the needs of consumers, accompanied with the best product quality.

Indonesia: TSI using a product derived from and for Indonesia with export quality.”

What is the significance TSI Logo?

“ Brown color to represent the color of wood. overall logo can also be read as the T, which means timber. The tip of the T seen as an upward arrow which indicates that the TSI will step forward achieving success .”

How about your work ethic? What you want to convey to the consumer?

“ The right products that fulfill needs of consumers, the material comes from Indonesia with high quality wood. ”

What is your motto as a CEO of TSI?

“ Work by heart, giving best value products that fit consumer needs and able to bring TSI to continue to evolve as a family. ”

Vision

Became one of the woodworking company in Indonesia which is the most competent and innovative in creating solutions for consumers in Indonesia.

Mission

Provide the best value products to consumers through efficiency, value innovation and continuous improvement
